Training includes the ACI Craftsman Workbook (CP-1005) and a 2-3 hour review session. Examinees that receive training have a much higher pass rate on this exam. In order to obtain the Flatwork Finisher Certification, an applicant must pass the written exam and must turn in a minimum of 1,500 hours of approved work experience using a form to be provided (note – Kansas Certification does not currently conduct any performance exams). Applicants who do not possess 1,500 hours of field experience, but who pass the written exam, will be awarded certification as a Flatwork Technician. Go to www.concrete.org/certification for more information from ACI on this certification program. A Spanish Written Exam is available upon request.

CONCRETE CONSTRUCTION INSPECTOR & INSPECTOR-IN-TRAINING EXAM is now available upon request and will be scheduled on an “As Needed” basis. Please call for additional information.

* Out-of-State individuals/firms outside of the Kansas City Metro Area registering for any Kansas ACI exam will be charged an additional \$100
